

e-LITHUANIA

A Hub for Innovation

SMARTSPHERE™ CITY

SOLUTION DESCRIPTION

Smart City Solution is to drive economic growth and improve the quality of life of people by enabling local area development and harnessing technology, especially technology that leads to Smart outcomes. The Base of our offering is typically our SmartNode in form of a Streetlamp with highly optimised LED. Optionally we can expand access to free public Wi-Fi; optimize traffic flow; reduce inefficiency in parking and maintenance system; coordinating data collection and analysis across systems and sectors; intelligent infrastructure that thinks for you.

BENEFITS

- Collection of information and feeding the subsystems that are able to act on that information.
- Monitoring of city safety and fast response to alert.
- Sensors help drivers to find a parking spot quicker and more efficiently.
- Camera system can detect people or objects, analyse it and send data to right priorities.

ABOUT COMPANY

Iamus is an international software company based in the Singapore, with offices in Munich and Klaipeda. Iamus provides innovative solutions that enable customers to visualize, monitor, manage and optimize their environments to improve quality of life, reduce environmental impact and energy costs.
