

E-DOCUMENTS SUBMISSION AND MANAGEMENT (EDOCS)

SOLUTION DESCRIPTION

The goal of eDOCS is to ensure effective and easy e-documents collection and management process.

By using eDOCS, maximum efficiency and citizens' satisfaction is achieved and direct operating costs are reduced as well. System facilitate automation of the majority of documentation work. Regardless the size of the system installed, both the end users and employees can quickly orientate themselves.

BENEFITS

- Complete and correct electronic data submission (pre-fills documents, declarations, requests, applications, orders, inquiries, annexes to documents);
- Automated e-document processing cycle: collection, treatment, users' awareness of the processing and decision-making process;
- Documents can be signed by a safe and reliable e-signature;
- Easy communication between e-documents providers and the organization's staff.
